

## Forklift Spreader Bar

Forklift Spreader Bar - ELME has been proudly operating since 1974, becoming the biggest independent spreader maker around the globe. They are a devoted maker of spreaders used for a lot of various applications like for example the trailers, handling of containers and swap bodies.

Engineering is done in house by means of making use of all of the newest CAD systems and FEM tools. The ELME business presently employs over one hundred twenty five staff members. Their spreaders are supplied to reach stackers, straddle carriers, lift trucks, gantry, quayside and ship-to-shore cranes across the world.

The ELME product range offers spreaders designed for several container and trailer handling operations. Some of their inventory consist of: Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift Trucks, Straddle carriers, Ship to Shore Spreaders and a huge variety of attachments.

ELME manufacturing and production is performed in a highly automated purpose built factory. In the year 2008, they created more than 1150 spreaders by means of making use of top quality components to ensure dependability and top standards while offering reasonable prices. Major features of ELME consist of design simplicity, market reaction and innovative modular spreader concept.
