

Concrete Hoppers

Concrete Hoppers - This attachment is a self-dumping hopper which automatically starts to dump when bumper release contacts the side of a dumpster. When dumping is completed, the hopper returns to a locked and upright position. This particular piece of machinery is also obtainable along with a cable which allows operation from the seat of the forklift so as to have the option of manually unloading the hopper. There is a locking chain provided to be able to lock the hopper to the tine truck. This particular product is constructed with consistent and reliable robotic welds for maximum strength. The lift truck dumping hopper even has a blue powder coat finish to maintain durability.
